

Enjoy The Illinois River Watershed

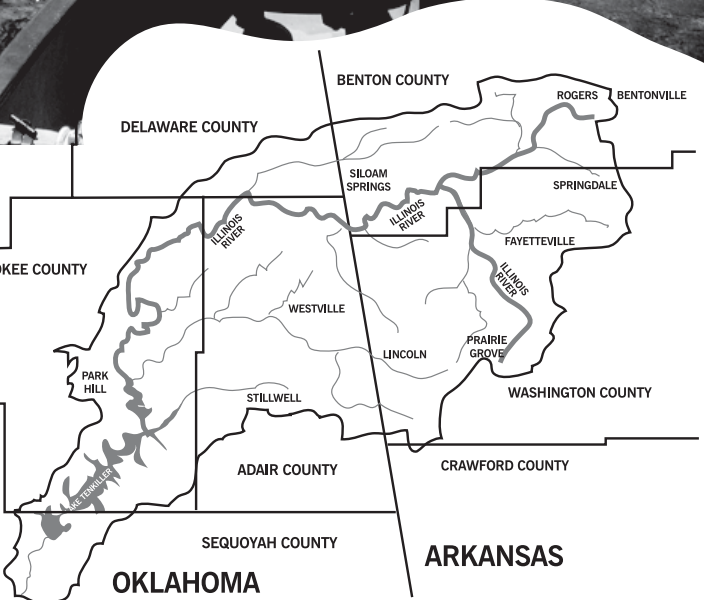

This Is Your Land...

Picnics. Kids Playing. Great Fishing. Wilderness Adventures. The Illinois River Watershed is a scenic and fun area for people of all ages to enjoy.

A Watershed is the area of land that receives rainfall and stormwater runoff that drains or seeps into a wetland, stream, river, lake or groundwater. As stakeholders and people with an interest in this area, we respect the beauty and fun our watershed holds.

Protect our watershed, it's yours to enjoy!
